

CSE Series

The CSE 5-10 Series is designed for lightweight support of gas and refrigeration pipes at a higher elevation from the roof surface. It is ideal for the support of single piping systems where elevation adjustment is needed. This support is suitable for most types of roofing material or other flat surfaces. The CSE can be ordered with a rubber-lined clamp between 0.25" and 2" diameter.

Available in corrosion resistant stainless steel or aluminum.

Material - Base - 100% recycled rubber, UV resistant

- Clamp - Rubber-lined

- Rod - 1/2" electro-zinc plated all threaded rod

Warranty - 10 years

Recommended Spacing - Refer to local code

May qualify for L.E.E.D. credits
